

Founded in 2023, Pathfinder Career Academy is an online charter school for grades 6-10 that offers learner-centered, individualized pathways for career exploration, development, and preparation for college or careers.

Our framework aligns with the rigorous standards set by the Ohio Department of Education, including those for Career Tech Education. Students engage in activities and assessments that help them explore their interests before choosing a specific area of study in high school.

Relationships are central to student success, which we support through a strong mentoring program, a comprehensive Advisory approach, and meaningful family engagement. Driven by equity, we create relevant learning experiences through personalized learning paths, Credit Flex options, and mastery-based grading.

Project and Problem-Based Learning fosters students' agency in their lives and communities. We also prioritize integrated partnerships with industry, higher education, and community organizations across Ohio, opening doors for students throughout their Pathfinder Career Academy journey and beyond.

MISSION STATEMENT

The mission of Pathfinder Career Academy is to provide learner-centered, individualized pathways to success for Ohio students, connecting them to their community and partners around the state, preparing them for career success, and enabling them to fulfill their promise.

St. Aloysius, as the sponsor of this school, is legally mandated to provide oversight, monitoring, and technical assistance. As part of the monitoring process, the performance of the school is assessed and evaluated on each of the required Ohio School Report Card components. Additionally, St. Aloysius has a regular presence at school board meetings where student performance indicators such as attendance, behavior, and academic achievement are tracked and financial and organizational issues that impact student success are reviewed and discussed. Key to the oversight, monitoring, and technical assistance is St. Aloysius' review of the school's Ohio Improvement Process (OIP) plan development and implementation. As a result of our thorough oversight and monitoring, St. Aloysius has determined that this school is substantially compliant with the rules and regulations governing community schools.

All community school sponsors are required to submit a written report of the evaluation results of the school's academic, financial, and organizational performance, as well as the school's legal compliance with Ohio Revised Code, Ohio Administrative Code, and to the terms of the Community School contract. This report must be made available to parents of students enrolled in the community school by November 30th of each year under ORC 3314.023 (C). An Annual Report regarding the performance of this school and other schools under the sponsorship of St. Aloysius will be posted on our website at www.stalschildren.org/charterschools and www.charterschoolspec.com no later than November 30, 2024. Parents are urged to review this report, in addition to other monitoring and evaluation reports available through the school or the sponsor for a full understanding of the school's performance.
